

Application for evaluation of stallion for semen import 2010

Application for an interim breeding permit for stallion whose semen is to be imported to Sweden. Application and requested documentation are due January 30, February 30, March 30 or April 30, 2010 and are to be sent to ASVH, 247 47 Flyinge, Sweden.

The following documentation is requested:

- Official pedigree information from breeding association.
- Official information on stallion test results from breeding association.
- A copy of the latest conformation description of the stallion, from its performance test or keurung
- Official information on stallion's competition/show results.
- Official information on siblings', dam's or other close relative's show/breeding results.
- Official information on offspring and the stallion's breeding index in other associations.
- A certificate from the association's doctor of veterinary medicine stating the stallion's health status (see asvh.se/Hingstar, "Veterinary report").
- Earlier fertility results on said stallion regarding the method of insemination to be used. This information is to be derived from the stallion owner/breeding association.
